Breeding Heifers, Steers**

# AUCTION

As we have decided to discontinue the beef cattle portion of our farming operation, we will sell the following at auction located 3.5 miles north of Little Falls, MN on US Highway #10 and MN State 371 to County 46 exit, then 2.5 miles east on County Road 46 (183rd St.) to farm #18064. Follow the Mid-American Auction Co. signs; roads will be plainly marked.

Additions**

## SUNDAY, AUGUST 16, 2020

**SALE TIME: 1:00 P.M.**

**BOSER'S LUNCH WAGON**

### 104 Head of 104 VERY GOOD SOUTH POLL COMPOSITE CERTIFIED ORGANIC BEEF CATTLE

**NOTE:** This is a very good set of home-raised, certified organic South Poll composite beef cattle. This breed was originated by Teddy Gentry of the band Alabama using Red Angus, Hereford, Barzona & Senepol genetics. Jerry and Jackie purchased their original seed stock directly from Mr. Gentry at his ranch in the late 1990's. The advantage of this breed is their docility, easy calving and amazing ability to produce superior tasting beef while being grass fed. The Januschkas have not only produced hormone free beef for the increasingly popular organic market, but have influenced other herds with the sale of breeding stock. The diversity of this breed will make them appealing to not only value added production of hormone-free grass-fed beef, but to all commercial cattlemen and women as simply good sound herd replacements. If you are ready to take your herd to the next level with the possible production of hormone-free certified organic beef or simply need additional herd replacements for your commercial herd, please mark this date on your calendar and make plans now to attend the Januschka auction. *Thank you!*

**INCLUDES:**

- (45) Fancy Cow/Calf Pairs** from mostly 1st through 5th calf. Cows are raising a nice set of good stretchy calves with lots of eye appeal. Most cattle are red hid with an occasional blaze face. Cattle are extremely docile and easy to handle which is important with many family ranching and farming families relying on help from all members of the family. The Januschkas usually breed to begin calving in May but have turned the purebred South Poll red hid bulls in on July 8th to better align with commercial operations. Cows and calves have had 8-Way vaccinations along with pinkeye shots in the spring. Cows will be sold in groups of approximately 5 pairs per lot.
- (7) Heifers** turned with bulls July 8th
- (5) Hormone-Free Yearling Steers** that are strictly grass fed
- (2) Purebred South Poll Red Hided Bulls**, 4 & 5 Years Old

**NOTE:** The Januschka family has been involved in organic production of both beef cattle and crops since 1997 and now with the increasing workload have decided to discontinue the beef cattle portion of their farming operation. This will be a rare opportunity for both the organic or commercial cattlemen and women to purchase home-raised farm fresh hormone-free herd replacements from this established herd. Please note that only listed items will be selling so please plan on prompt attendance with hay selling first, followed by truck, trailer and cattle. Prior inspection welcome by appointment beginning Monday, August 10th. Please phone Jerry at (320) 630-4156 or Gene at (320) 630-1982. *Thank you!*

### 270+/- Net Wrapped Organic Round Bales of Good Alfalfa & Upland Grass Hay

**NOTE:** The following bales, baled by late model New Holland 560 baler, will be tested prior to auction. Sellers will load with advance notice.
